## **Rural Advisory Council**

The RAC met on March 14 at Creswell City Hall. There was no public comment.

**Community Conversation:** Mayor Dave Stram and staff member met with the RAC to discuss Creswell. They shared that in many ways Creswell is growing and that there are many social services and a medical clinic (Peace Health) in the city. Their biggest challenge currently is that their grocery store just closed. Now residents have to travel to Eugene or rely on convenience stores. They are organizing a community response to the crisis.
