Approved 03/03/2022 OHP-TRIL-21-2957

INTRODUCTION

Pharmacy Benefit

This is Trillium Community Health Plan (Trillium) Preferred Drug List (PDL). The PDL lists drugs that are covered for Trillium Oregon Health Plan (OHP) members. You do not have to pay for covered drugs. Trillium does not cover all drugs and limits the use of some drugs on the PDL. A group of pharmacists and doctors (Pharmacy and Therapeutics Committee or P&T) decide which drugs are on the PDL.

Trillium only covers drugs when you are on Trillium OHP. Even if you got the drug before, Trillium will not pay if you are no longer on OHP.

Service Area

The PDL lists drugs that are covered for Trillium Oregon Health Plan (OHP) members in all service areas (Multnomah/Washington/Clackamas and Lane/Douglas/Linn counties).

Getting Your Drugs

You can find a pharmacy by calling Trillium at [541-485-2155]; Toll free: [1-877-600-5472]. You may also use the Find a Provider tool on our website at: [\[https://providersearch.trilliumhealthplan.com\]](https://providersearch.trilliumhealthplan.com). At the pharmacy, you will need to give them your ID card.

Prior Approval

Some drugs will need approval from Trillium before they are covered. You and your prescriber will be told if approved or denied.

Trillium may cover the drug if:

1. There is a medical reason that you need the drug
2. Other drugs on the PDL have not worked for you

Drugs newly approved by the FDA (Food and Drug Administration) need prior approval until reviewed by our P&T.

Generic Drugs

Generic drugs work the same as brand name drugs. When a generic is available you need prior approval for the brand name drug.

Specialty Drugs

You must get Specialty Drugs from Acaria Health. These drugs are not usually sold at retail stores. You may also need prior approval for coverage.

Over-the-Counter Medications

Trillium will pay for over the counter drugs that are on the PDL. To be covered, your prescriber will need to write you a prescription for the drug.

72-Hour Emergency Supply Policy

If you need a drug right away your prescriber can ask for an urgent approval. Trillium will look at these within 24 hours. If we cannot, Trillium will let you have the drug for three days.

Step Therapy

Some drugs listed on the PDL may ask you to try other drugs first. If Trillium does not have a record that you have tried that drug(s), you may need approval first.

Dispensing Limits, Quantity Limits, and Age Limits

Trillium may limit how much of a drug you can get. If your prescriber thinks you need more, they should ask for approval.

Some drugs on the PDL may have an age limit. If your prescriber thinks you should get it even if you do not meet the age limit, they should ask for approval.

Use and Safety Edits

Your health and safety are important. One way we keep you safe is Point-of-Sale (POS) changes when a prescription is filled. These changes are based on FDA to promote safe and effective drug use.

Pharmacy Benefit Exclusions

These drugs are not covered by Trillium:

- Drugs that are not listed on the PDL, unless prior authorization is approved;
- Drugs used to treat conditions that are not covered by the Oregon Health Plan;
- Drugs that are an excluded service under OHP;
- Drugs to help you get pregnant; Home pregnancy kits;
- Cosmetic or hair-growth drugs;
- Drugs used for non-medically accepted uses (experimental or investigational drugs)
- Medicare Part D covered drugs for members eligible for coverage through Medicare

Behavioral health drugs are covered through the Oregon Health Authority (OHA). Your pharmacy should bill OHA directly for these drugs.

Mail Order Program

You may be able to get some of your drugs by mail. Please contact Trillium if you have any questions.

100 Day Drug Fills

You may be able to get fills up to 100 days of your drugs. You can only get more than 31 days of drug if it is a maintenance drug. Please contact Trillium if you have any questions.

PDL Key

LEGEND	DESCRIPTION
F	Preferred Drug
NF	Non-Formulary
CO	Carve Out Drug
AL (Age Limit)	Drug is limited to specific age.
PA (Prior Authorization)	Prior Authorization required before prescription can be filled.
QL (Quantity Limit)	There is a limit on the amount of drug covered per prescription, or within a specific time frame.
Rx/OTC (Prescription/Over the Counter)	Product has both Rx and OTC National Drug Codes.
SP (Specialty Drug)	Specialty drugs are high-cost drugs used to treat complex or rare conditions, such as multiple sclerosis, rheumatoid arthritis, hepatitis C, and hemophilia and may be limited to a specific pharmacy.
ST (Step Therapy)	Requires trial and failure of one or more preferred products prior to coverage.
MP (Maintenance Product)	Maintenance medications are available for up to a 100 day supply.
